Samhith V Gupta

samhithvgupta@gmail.com | linkedin.com/in/samhith-v-gupta | github.com/SVG700 | Bengaluru, India

CS undergraduate building full-stack web, Android and AI-integrated applications. INSPIRE Awardee, NITI Aayog ATL Top 100 Tinkerpreneur and Google Student Ambassador, seeking software engineering and AI application internships.

EDUCATION

Presidency University, Bengaluru — Aug 2025 – 2029 (expected)
B.Tech, Computer Science and Engineering | Class Representative

Sri Ramakrishna Vidyashala, Mysore — Apr 2021 – Mar 2025
High School & Pre-University (PCMC)

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C, HTML/CSS; Java (learning), XML (basic)
Frameworks & Libraries: React, Next.js, Tailwind CSS, Framer Motion, Vite, FastAPI
Backend & AI: Supabase, REST APIs, Google Gemini API, Algorand (Web3)
Mobile: Android Studio, Android SDK, Firebase (Auth, Realtime Database, Cloud Messaging)
Tools: Git, GitHub, Vercel, VS Code, GitHub Copilot, PowerShell, Canva

PROJECTS

HelioHub | *Full-Stack Developer* — 2025
- Built a platform for solar-powered charging stations with a Solar Feasibility Tool, the Helios AI assistant (Gemini) and an admin dashboard running on demo data.
- Next.js 16, TypeScript, Tailwind CSS, Supabase, Gemini API | helio-hub.vercel.app | github.com/SVG700/HelioHub

NEXORA – AI-Powered Criminal Network Analysis | *Smart India Hackathon 2026 project* — Prototype
- Developed an investigation-analytics prototype for entity extraction and resolution, network visualisation and spatio-temporal pattern analysis on synthetic FIR, call-detail and transaction data.
- Internal SIH round: 456 teams → internal hackathon of 150 teams → shortlisted in the top 90. | React, TypeScript, Vite

PAIMANA Monitoring & Forecasting | *Backend & Analytics · Python, FastAPI* — Local prototype
- Built a FastAPI service that forecasts infrastructure project progress (1–24 months) and flags delay risk and anomalies.
- Dataset: ~2,100 Central Sector projects, 11,011 monthly observations from PAIMANA reports (Jul 2025 – Mar 2026).

O' Waste | *Android Developer* — Oct 2021 – Present
- Building an Android app (Java) that connects restaurants with NGOs to redistribute surplus food, with Firebase OTP auth and Cloud Messaging; Google Maps integration in progress.

PayPerView | *Team Developer (Web3/Blockchain)* — 2025
- Collaborated with Team COREMATES on a decentralised video-ad platform on Algorand in a 24-hour hackathon (RIFT '26).

More builds: EcoBuddy AI, NyayaLens, StadiumOS AI, CivicMind AI — github.com/SVG700

EXPERIENCE & LEADERSHIP

Google Student Ambassador | *Google Student Ambassador Program* — 2026 – Present
- Conducted one online event; publish monthly programme highlights on LinkedIn and Instagram.

Brand Manager Intern | *The House of Edits* — Jul 2025 – Present
- Plan and run social media branding campaigns, using analytics to refine performance and brand messaging.

Sponsorship Lead | *InnovateX 4.0, Build Club, Presidency University* — Jan 2026 – Apr 2026
- Led sponsor relations for the university's international tech fest (5,000+ participants); brought in five sponsors.

Student Coordinator | *DRR Club, Presidency University* — Nov 2025 – Present
- Organised the AgroTech Innovation Challenge 2026.

Marketing Intern – Campus Ambassador Program | *Shaastra 2025–26, IIT Madras* — Dec 2025 – Mar 2026

Campus Ambassador | *eDC IIT Delhi (BECon '26)* — Dec 2025 – Feb 2026
- Promoted BECon '26 entrepreneurship events on campus and coordinated student outreach.

Co-Founder | *EV Lowarage* — Early-stage EV-charging venture. — Oct 2025 – Present

AWARDS & RECOGNITION

- **INSPIRE Award** – DST, Govt. of India (₹10,000 national grant), Dec 2021 (O' Waste)
- **ATL Tinkerpreneur – Top 100 nationally**, NITI Aayog, 2021 (O' Waste)
- **6th of 350+ teams** – 8th Innovative Project Expo (HelioHub)
- **7th Position** – Ramakrishna Mission Student Innovation Competition (South Zone), 2023
- **Semifinalist** – RIFT '26 Hackathon, Physics Wallah (PayPerView, Team COREMATES)

ACTIVITIES & LANGUAGES

Activities: Attended the GSoC community meetup at Google Ananta (GDG Bangalore, Jul 2026); competitive programming, hackathons, CTF (IISc); NCC 'A' Certificate (2022); photo/video editing; community service
Languages: English (fluent), Kannada (native), Hindi (fluent), Telugu (conversational)
